TARUN K

STUDENT

kstarun8246@gmail.com
Chennai, Tamil Nadu

ABOUT ME

Motivated Computer Science student passionate about Operating Systems, Artificial Intelligence, Networking, and full-stack Application Development. Experienced in building responsive web applications and AI-powered creative tools with focus on clean code and intuitive UX. Eager to develop Large Language Models (LLMs) and intelligent AI agents for innovative, scalable, user-centric technology solutions.

CERTIFICATIONS

- Programming Foundations with Python
- Introduction to Databases
- Build Your Own Responsive Website
- Make.com Automation Project conducted by Nxtwave

PROJECTS

Basic E-commerce Website:

Created a very basic static e-commerce webpage Focused on responsive layout, clean structure, and attractive design to simulate a simple shopping interface using HTML and CSS only.

Construction Company Website:

Created a basic static construction company website featuring homepage, services, projectgallery, about us, and contact sections. Emphasized professional appearance, responsive layout, and clear navigation to effectively present company information.
